

Piero Liventi
JEWELRY

Piero Liventi Jewelry offers beautiful pieces with modern and iconic styles to make you **look sophisticated and elegant**. Each piece is carefully crafted in surgical 316L stainless steel, vapor plated with real gold, **which makes them hypoallergenic. Our jewelry is free of lead, cadmium, nickel, antimony, arsenic, barium chromium, mercury, phthalates.** They are not only beautiful for everyday use, but durable over time.

At Piero Liventi we are proud to offer jewelry that meets and exceeds safety laws and regulations in the **United States, including California Proposition 65.** Before jewelry is sold, we tested for chemicals of concern using labs accepted by the United States Consumer Products Safety Commission.
